Subject: Umatilla ECAD Briefing Materials -- drafts
Attachments: umatilla options paper 120220.docx; DRAFT umatilla response letter.docx

Mat: per Jeff's discussion with Ed last week... this email is updating the next steps given holidays and Ed's leave in December & need to coordinate with the number of folks who have been involved in advising on the Umatilla nitrates petition. (Jeff, please correct if you want to modify).

Status:

I have a first draft letter and the briefing paper with ORC & OECA comments incorporated (attached). I will be routing a revised draft letter for review by Mat & Jeff with goal of having a draft final before we all leave for holidays (by 12/17).

Proposed Briefing sequence:

- Peter route briefing paper & draft response letter to petitioners (Jeff & Matt review/comment)
- Schedule briefing for Ed in January by Jeff/Matt/Peter to review letter, briefing materials & recommendation (incorporate feedback)
- Schedule 2nd briefing w/Dan (& ORC) to add additional WD & ORC input
 - o Determine if Linda A-C and Tony should be included in this, or RA briefing.
- Brief RA/DRA (Ed/Dan, others as they identify) on materials, approach, & direction on how to brief HQ offices.
- Coordinate requested OECA briefing (e.g, Thursday weekly OECA update or stand-alone briefing – TBD)
- Send briefing materials from RA brief to OW, & OGC concurrent with OECA briefing, FYI (unless joint briefing requested)
